Huge Grasshopper

ahaa haa iihii hiyee ahaa haa iihii hiyee
this young grasshopper boy
during the summer, on the tassel of the corn
he sits on top of it and sings
then there is a cicada sitting on the top stick of the saltbush
playing his music
together they humbly pray for
clouds, rain in all directions
through their singing and music they are enticing them to come here
ahaa iihii hii hiyee ahaa iihii hii hiyee
ahaa haa iihii hiyee
this young grasshopper boy
during the summer, on the tassel of the corn
he sits on top of it and sings
then there is a cicada sitting on the top stick of the saltbush
playing his music
together they humbly pray for
clouds, rain in all directions
through their singing and music they are enticing them to come here
ahaa iihii hii hiyee ahaa iihii hii hiyee
ayaa ayaa hii hoolii
ayaa ayaa hii hooli hiiyii
when you hear this
you will become very happy
so therefore you must bring your hearts together
to pull in the rains
ahaa haa iihii hiyee
ahaa haa iihii hiyee
this young grasshopper boy
during the summer, on the tassel of the corn
he sits on top of it and sings
then there is a cicada sitting on the top stick of the saltbush
